Phase 1 Intro Class: First time students take the Intro 5-Week Class that covers strategies, test patterns, pace and practice tests. Personalized instruction according to your diagnostic test. We will cover all four subjects. **5 week class \$450**

Phase 2 & Phase 3 Class: Students target a test date and continue to work where they left off from the prior class. Harder material, new material will build on your success. Bring in your new scores - we set higher goals and practice strategies with tutors to reach new heights! Start early so you can target 3 or 4 tests before college applications are due. Work the process! **3 week class \$350** **5 week class \$450**

Step 3: Use our Open Lab - Base Class + Open Lab each week. The Open Lab supplements the classes with extra practice and tutoring with our instructors! We encourage 1-3 hours of Open Lab each week in addition to the 3 hours for base class. Included in your fee - no extra charge! Students need to make the time to come in.
