

# Our Mission

Beverly Farm Foundation is a loving, caring home for adults with developmental disabilities, providing each individual with physical and emotional security and a dignified quality of life, with opportunities and challenges, within each individual's functional capabilities.

Our residents have family members from 48 of 50 states, our friends from all 50 states. All of the men and women at Beverly Farm are continually striving to become more independent every step of the way to live their best lives. At Beverly Farm, abilities may determine the type or level of participation but not the opportunities. Life is filled with activities, friends, fresh air, exercise, and support.

6301 Humbert Road • Godfrey, IL 62035

Providing life changing  
opportunities for  
122 years.

# Welcome to Beverly Farm

Beverly Farm is a planned community that looks and feels like a neighborhood. There are homes with yards and a recreation center with a pool; there is an equestrian center, a pavilion, jobs, all kinds of activities, medical services, and so much more. Our services encompass many things that individuals with intellectual and/or developmental disabilities need on a day to day and long-term basis.

Cottages, group homes, community-based options and apartments make up the landscape, people make it home.

Please contact our Marketing Department for admissions criteria, general questions, or how to become more involved!  
(618) 466-0367 ext. 681

Please contact our Development Department for volunteer, fundraising, or giving opportunities!  
(618) 466-0367 ext. 628

Each individual that lives at Beverly Farm is provided the supports and services they need to gain independence, participate in determining their future, and enjoy their lives.

An array of assessments and evaluations is provided for each person. This helps the support team of professionals, family, friends, and the individual develop a plan to establish priority supports the individual desires. Required support supervision ranges from twenty-four hours to intermittent supervision.

In 1897, Dr. and Mrs. William Smith searched for a suitable tract of land where they could establish a fundamentally different approach to care for people who lived with intellectual or developmental disabilities.

They found the perfect location in Godfrey, Illinois, where they would offer a caring home, socialization, proper medical care, healthy diet, physical exercise, education, recreation and meaningful work – a radical concept at the time.

## Our Services

Beverly Farm offers a wide range of services, therapies and other opportunities to care for the individuals who live here:

- Clinical, dietary, health, and dental
- 24-hour nursing in some residential areas
- Physical, occupational and speech therapies
- Opportunities for paid work (light assembly work, grounds keeping, Buzy Bee Bakery)
- Equestrian and other therapies
- Developmental training
- Vocational training
