

Recycle With Us! We're Hiring

Be a Part of the Solution!

Learn How to Make a Difference!

Most people believe they know how to recycle yet, the U.S. only recycles 34% of our potential resources with increasing contamination rates that increase costs.

Engaging thousands of attendees, our program averages nearly 70%; annually keeping 60 tons of clean resources from landfills through recycling & composting.

Join the **Recycling On The Go** crew
and
experience **St. Louis outdoor festivals** in a new way!

Seasonal part-time positions available

Apply to implement our onsite event greening program

- Recycling Ambassador
- Site Supervisor

Many events employ a **Waste Station Model** where staff and volunteers are needed to help attendees sort their waste into compost, recycling, and landfill.

If you love to be outside and would like to earn money while doing so, this is the perfect job for you!
